

CLASSIFICATION: Bylaw of the Board

ADOPTED: 7/14/16

REVISED: 12/9/20

SUBJECT: Board Policies

PAGE: 1 of 2

The County Board of Education (County Board) recognizes that one of its primary functions is the establishment of long-range policies, in areas under its jurisdiction, for the San Diego County Office of Education only on those issues that appear to require such action. The County Board acknowledges that these policies must provide for the best possible education for students and must also reflect informed consideration of the interests and needs of the school districts of the county.

The County Board shall be the policy-making body in all areas over which it has responsibility, recognizing the need for the county superintendent of schools to develop regulations to support County Board policies and to meet his/her legal responsibilities.

Procedures for adoption or amendment of County Board policy shall conform in all respects to County Board bylaws concerning agendas, meetings, and voting. The procedures shall provide a means whereby interested parties may provide input for the consideration of the County Board.

Procedures for Presentation to the County Board

The county superintendent's policy committee shall present its recommendation on all new or amended board policies to the County Board at a duly noticed board meeting for first reading. At first reading, the proposed new or amended policy is to be adopted or the County Board may direct the county superintendent to revise the proposed policy for further consideration.

Adoption

To become official, each policy must receive a majority vote of the County Board. The formal adoption of policies of the County Board shall be recorded in the minutes of the County Board. Only those written statements so adopted and so recorded shall be regarded as official County Board policy.

The County Board directs the County Superintendent to review and revise policies as needed.
