8. Religious Objector

A. Any unit member who qualifies as a religious objector shall not be required to join or financially support the Association as a condition of employment; except that such unit member shall pay, in lieu of a service fee, amounts equal to the service fee to one of the following qualified charitable organizations: FACT (Foundation to Assist California Teachers), United Way, or Dollars for Scholars.
B. To receive exemption from service fees as a religious objector, a unit member must submit to the Association a detailed written statement establishing the basis for the religious exemption. C. The recognized employee organization shall indemnify and hold the public school employer harmless against any reasonable legal fees, legal costs, and settlement or judgment liability arising from any court or administrative action relating to the school district’s compliance with this section. ARTICLE X: GRIEVANCE

1. Definitions

   A. A "grievance" shall mean a written alleged violation, misapplication, or misinterpretation of a specific provision of this Agreement which adversely affects the grievant.

   B. A "grievant" shall mean a unit member or group of unit members or the Association covered by this Agreement filing a grievance.

   C. A "conferee" shall mean an Association representative, an Association staff representative, or legal counsel approved by the Association in writing, selected by the grievant to assist him in presenting and processing his grievance. A unit member’s immediate administrator, with whom a grievance is filed, may also choose a representative in processing grievances.

   D. For purposes of this article only, "day" means a day on which the administrative office of the Office of Education is open for business.

2. General Provisions

   A. All parties agree that these proceedings will be kept confidential, and that the grievant and his immediate administrator should attempt to resolve the grievance at the informal level.

   B. All materials concerning a unit member’s grievance shall be kept in a confidential file separate from his personnel file.

   C. The filing of a grievance shall in no way interfere with the rights of the Board and/or the Superintendent to proceed in carrying out their responsibilities subject to the final decision of the grievance. In the event the grievance involves an order, requirement, or other directive, the grievant shall fulfill or carry out such order, requirement, or other directive, pending the final decision of the grievance, unless it endangers the safety of unit members.

   D. Nothing contained herein will be construed as limiting the right of any grievant to discuss a grievance informally with his immediate administrator, or to have the grievance adjusted, prior to Level IV without intervention of the Association, provided that the adjustment is not inconsistent with the terms of this Agreement. Any proposed resolution at Level I, II, or III, shall not be agreed upon by the Office of Education until the Association has been provided a copy, and has been allowed three (3) days for an opportunity in which to respond.
E. In a case of multiple grievance claims on the same issue, the Office of Education may elect to hear only one written grievance filed, as determined by the Association, if any of the grievants are represented by the Association, and the decision rendered shall be applicable to all grievances filed on the same issue arising from the same set of circumstances.

F. Although a specific time period is provided for administrative decisions at each level of the grievance procedure, it is recognized that multiple grievance claims must be processed in a sequential manner. Consequently, at each level of the procedure, grievance claims shall be assigned consecutive numbers based upon the order in which they are received. Administrative personnel shall process such numbered grievances in a sequential manner, following a pattern that first filed will be first considered, in a timely fashion. Regardless of specific time periods provided for decisions at the various levels of this procedure, administrative personnel shall not be required to consider more than one grievance claim per day.

G. A unit member who fails to comply with the time limits established in this procedure shall forfeit all rights to apply the grievance procedure for the alleged Agreement violations. Time lines may be extended by mutual written agreement. Also, the time lines would be extended upon request of the grievant who is on scheduled recess or approved leave. Failure by the administration to adhere to decision deadlines constitutes the right for the grievant to appeal automatically to the next higher step.

H. No more than one conferee of the grievant shall have the right to receive released time for the meetings and conferences specifically provided for herein.

I. If any hearing at Level IV is scheduled during the day, any unit member required by either party to testify at the hearing shall be released from regular duties without loss of compensation. No more than two bargaining unit members may be on release time under this subsection at any one time unless their presence is required for immediate testimony at hearing.

J. With prior notification to the immediate administrator, designated Association officers and/or Association representatives shall be given reasonable release time, in order to assist in the investigation and presentation of grievances.

K. The forms to be utilized in the grievance procedure shall be included in Appendix D of this agreement.

3. Informal Procedure
Informal Level

The unit member shall meet with his immediate administrator to discuss the potential grievance in an attempt to resolve it informally. The grievant has the right to a representative at the informal level. If the potential grievance is not resolved at this level, the unit member may proceed to Level I. The Office of Education and the Association may mutually agree in writing to waive any level of the grievance procedure. The Office of Education and the Association agree that every effort will be made by management and the grievant to settle grievances at the lowest possible level.

4. Formal Procedure

For purposes of Section 7.4 the required timelines shall begin on the first (1st) day following the date of receipt of a grievance by the Office of Education or the first (1st) day following receipt of the Office of Education decision by the grievant.

A. Level I

Within twenty-five (25) days of the occurrence, or within twenty-five (25) days of when the unit member could reasonably have known of the occurrence of the act or omission giving rise to the grievance, the grievant must present his grievance in writing utilizing the designated grievance form, included as Appendix “D” in this agreement to his/her immediate administrator. On this form the unit member shall make a clear and concise statement of the grievance, the circumstances involved, and the specific article(s) that was allegedly violated, the decision rendered at the informal conference, and the specific remedy sought. The immediate administrator shall communicate a decision to the unit member in writing within ten (10) days from the date the written grievance is received by the immediate administrator. If the immediate administrator does not respond within the time limits, the grievant may appeal to the next level. Within the foregoing time limit either party may request a personal conference to discuss the grievance. Either the grievant or the immediate administrator may have a conferee present at such a conference.

B. Level II

In the event the grievant is not satisfied with the decision at Level I, the grievant may appeal the decision to the Division Administrator, within ten (10) days after receiving the
decision at Level I. This written appeal statement shall include a copy of the original grievance, the decision rendered at Level I and a clear, concise statement of the reasons for the appeal. The parties shall convene a meeting to discuss the grievance within ten (10) days of the filing of the Level II documents. Either party may have a conferee present at such a conference. By mutual agreement of the parties, additional conferees may be present at the conference. The Division Administrator, or his/her designee, shall communicate a decision within ten (10) days from the date the Level II conference is held by the Division Administrator. If the Division Administrator, or his/her designee, does not respond within the time limits, the grievant may appeal to the next level.

C. Level III

In the event the grievant is not satisfied with the decision at Level II, the grievant may appeal the decision to the Superintendent, within ten (10) days after receiving the decision at Level II. The written appeal statement shall include a copy of the original grievance, the decisions rendered at previous levels, and a clear, concise statement of the reasons for the appeal. The parties shall convene a meeting to discuss the grievance within ten (10) days of the filing of the Level III documents. Either party may have two conferee(s) present at such a conference. By mutual agreement of the parties, additional conferees may be present at the conference. The Superintendent, or his/her designee, shall communicate a decision within ten (10) days from the date the conference is held by the Superintendent. If the Superintendent, or his/her designee, does not respond within the time limits, the grievant may appeal to the next level.

D. Level IV - Arbitration

In the event that the grievant is not satisfied with the decision at Level III, the unit member may request, in writing within five (5) days, that the Association submit the grievance to arbitration. If the Association agrees to proceed, the Association will request arbitration of the grievance in writing to the Office of Education within fifteen (15) days of the issuance of the Level III decision. Such request must be in writing and be accompanied by a written statement from the Association agreeing to take the grievance to arbitration. In electing to pursue the grievance through arbitration, the grievant and the Association thereby agree that the arbitration process shall be the only forum for resolving the grievant's claim, that the arbitrator's decision shall be final and binding, and that they will not thereafter attempt to achieve a different resolution through a separate remedial procedure, whether established by statute or by regulation having the force of law.
No later than fifteen (15) days after the Office of Education's receipt of the request for arbitration from the Association, the Association and the Office of Education shall meet to determine a mutually acceptable arbitrator. In the event the Association and the Office of Education are unable to reach agreement on a mutually acceptable arbitrator, the Association shall request, within the same fifteen (15) day period, that the American Arbitration Association shall supply a listing of names pursuant to its rules. The Arbitrator selected must be a member of the National Academy of Arbitrators and must have recent experience in arbitration of grievances involving public school employers.

The Voluntary Labor Arbitration Rules of the American Arbitration Association shall apply except where the specific language herein is in conflict, which specific language will prevail.

Any award of the arbitrator shall be binding on the grievant, the Association and the Office of Education.

It shall be the function of the arbitrator to make an award, if necessary, which will resolve the grievance. The arbitrator shall be subject to the following limitations:

1. The arbitrator shall have no power to add to, alter, subtract from, disregard, change, or modify any terms of this Agreement; but shall determine only whether or not there has been a violation, misapplication or misinterpretation of this Agreement in the respect alleged in the grievance.

2. The arbitrator shall have no power to establish salary structures or change any salary.

3. The award of the arbitrator shall be based solely upon the evidence and arguments presented to him/her in the presence of the parties, and upon any post-hearing briefs of the parties.

4. The arbitrator shall have no power to change any practice, policy, or rule of the Office of Education; nor to substitute his judgment for that of the Office of Education as to the reasonableness of any such practice, policy, rule, or any action by the Office of Education; nor to adjust, modify or amend salary schedules or classification structures.

5. The standard of review for the arbitrator is whether the Office of Education acted in an arbitrary and capricious manner which is a violation of the express terms of this Agreement.
6. The arbitrator shall not consider any issue raised by the grievant unless it was made known in writing to the Office of Education in an earlier Level of this Grievance Procedure.

7. The arbitrator shall have no power to recommend or resolve any of the following:
   a. The termination of services or any other disciplinary action or failure to re-employ any member of the Unit.
   b. Any matter involving evaluation, except where procedure has been violated.
   c. Nothing herein shall be construed to prevent or limit deferral to arbitration by the Public Employment Relations Board pursuant to Government Code Section 3541.5(a)(2)

8. All fees and expenses of the arbitrator shall be shared equally by the Office of Education and the Association. The Office of Education shall only bear its own expenses. Arbitration hearings shall be held at the Office of Education, unless the parties mutually agree otherwise. If the Office of Education claims that a grievance should be dismissed because, for example, it falls outside the scope of the procedure, or was filed or processed in an untimely manner, such a claim shall, at the option of the Office of Education and upon reasonable notice, be heard and promptly ruled upon by the arbitrator prior to any hearing on the merits of the grievance. Upon the request of either party, there shall be a suitable stay/continuance between such a ruling and any further proceedings which may be necessary. The Office of Education may forego the above preliminary motion procedure, and have such a claim heard and ruled upon at the hearing prior to the receipt of evidence on the merits. If the Office of Education should choose to refuse to arbitrate a dispute, nothing in this section shall preclude the Association from seeking, through appropriate administrative or judicial proceedings, to compel the Office of Education to proceed to arbitration.

9. The arbitrator shall have no power to render an award on a grievance claim rising out of an act or omission prior to the effective date of this Agreement or after the termination of this Agreement.

A. The evaluation process consists of Track I and Track II.

   (1) Track I shall be used by:

      (a) Probationary status unit members
      (b) Permanent status unit members who have not completed one cycle of Track I evaluation after achieving permanent status
      (c) Permanent status unit members who have received an overall “unsatisfactory” evaluation rating in the last evaluation cycle
      (d) Permanent status unit members who have chosen this option

   (2) Track II may be selected by permanent status unit members who have successfully completed at least one cycle of Track I evaluation. The Track II shall be used for the evaluation of unit members in non-classroom assignments in the absence of a specific evaluation process for such assignments, e.g., Resource Teachers.

      (a) If the unit member and evaluator fail to reach mutual agreement regarding the design of evaluation activities for the Track II evaluation process, the decision concerning the design of the evaluation process will be mediated by the program director. It is the intent of the parties that mutual agreement between the unit member and the evaluator on the design of the individualized Track II evaluation process will be accomplished through this procedure.

B. Timeline: Evaluation for permanent status unit members shall be completed at least every two years and presented to the unit member not later than 30 days before the last school day on the program calendar for the school year in which the evaluation
takes place commencing with the initial evaluation occurring during the unit member’s first year in permanent status.

2. Guidance
3. Counseling
4. Consultation and Collaboration
5. Coordination
6. Program Assessment
7. Student Assessment

• Expected frequency of informal visits or observation of unit member-student interactions.

• The formal observation format.

• The goals identified on the Planning and Goals Form.

(c) Timeline for formal observations, mid-year and annual evaluation conferences.

(d) Discussion of the types of support available for the unit member: peer mentoring, PAR consultants, staff development opportunities, resource materials, professional literature, committee participation, networking, etc.

2. Track I Evaluation

A. Each Track I evaluation for probationary status unit members shall include at least two formal observations (preceded by a pre-observation conference) of a minimum of thirty (30) consecutive minutes each, prior to the mid-year conference to be held no later than December 15. At least two additional formal observations (preceded by a pre-observation conference) will be completed prior to the final evaluation conference held by March 1 in the case of second year probationary unit members or in the case of first year probationary unit members by 30 days before the last school day on the program calendar.

B. Each Track I evaluation for permanent status unit members shall include at least two formal observations (preceded by a pre-observation conference) of a minimum of thirty (30) consecutive minutes prior to the final evaluation conference.

C. Track I Observations

(1) One week prior to the formal observation, the unit member provides the evaluator with a lesson/activity plan for the observation period and will be prepared to discuss the Pre-Observation Conference Form.
(2) The evaluator completes an Observation Form for each formal observation. A copy of that Observation Form is provided to the unit member within two days of the formal observation.

(3) The Post-Observation Form may be completed by the unit member to enhance the discussion at the Post-Observation Conference.

(4) Post-Observation Conference will be scheduled within seven (7) workdays of the formal observation or as mutually agreed upon by unit member and evaluator.

D. Summary Evaluation Process

(1) The evaluator will complete the Summary Evaluation of Performance Form. This form will summarize, in writing, observation visits and record summary evaluation remarks. Content of the following forms will be discussed at this conference: the Observation Form, the Post-Observation Form, and the Summary Evaluation of Performance Form.

(2) The unit member shall be given an opportunity to thoroughly discuss the evaluation with the evaluator prior to placement of the Summary Evaluation of Performance Form in the Personnel File.

(3) The unit member has the right to have a representative of the Association present at the Summary Evaluation Conference.

(4) For permanent status unit members in classroom teaching assignments, an overall “unsatisfactory” summary evaluation rating will require a referral to PAR.

(5) At the conclusion of the Summary Evaluation conference, the unit member shall sign and date the Summary Evaluation of Performance form.

(6) If the unit member disagrees with the final Summary Evaluation of Performance, he/she may write a response to be attached to the Evaluation form prior to placement in the unit member’s Personnel file.

(7) All forms pertaining to the unit member’s evaluation will be forwarded to the program director. After reviewing the documents, the program director will sign
the Evaluation of Performance. This signature indicates that a review has been conducted.

E. Second Evaluation

(1) If the unit member strongly disagrees with the evaluation, he/she may request a second evaluation. The unit member must respond and request a second evaluation within three (3) working days after receiving the Summary Evaluation of Performance form.

(2) If the second evaluation is requested by the unit member, the program director will discuss the Summary Evaluation of Performance with the unit member. The conference will be held within five (5) working days after director receipt of the evaluation.

(3) If the unit member still disagrees with the evaluation, the program director will give the unit member a choice of three administrators to conduct the second evaluation. The unit member must select one of the three within seven (7) days.

(4) The procedures for the unit member’s second evaluation will be followed exactly as the original evaluation procedures.

(5) All conclusions and the overall summary from the second evaluation are final. There is no appeal.

3. Track II - Evaluation (available only for permanent status teachers and unit members in non-classroom assignments)

A. The alternative evaluation process is designed to encourage creativity and innovation in support of instruction or counseling and professional growth. The process offers to unit members an alternative to the Track I evaluation process when they have demonstrated effective performance of the SDCOE Enhanced Standards of the Teaching Profession and the California Content Standards or the SDCOE Standards for Professional School Counselor or when they are serving in non-classroom assignments. The process is flexible in order to encourage unit members to grow in areas of interest that promote and relate to student learning and instructional
leadership through individual or group efforts. The goals, objectives, projects, and criteria established under Track II serve as the certificated performance evaluation in lieu of Track I, however, the Summary Evaluation of Performance form shall be completed at the conclusion of the evaluation process. The process is structured to strengthen cooperative collegial relationships.

B. Permanent status unit members may elect, with mutual agreement of the evaluator, to participate in Track II if they meet the following criteria:

(1) Received an overall evaluation rating of “meets standards” on the most recent evaluation, and

(2) Participated in at least one cycle of Track I evaluation as a permanent status unit member.

C. Track II encourages the design of personalized systems of evaluation to promote professional growth, such as, but not limited to the following:

- self-appraisal
- journal
- partner observations
- peer appraisal
- parental and student commentaries
- portfolio of accomplishments
- peer coaching

D. At a planning conference held in compliance with the timelines established in Section 1(D), the unit member will collaborate with the evaluator on developing the preliminary evaluation plan, including constraints. Unit members and evaluators are encouraged to be creative and take risks when developing options, and to consider a focus on expansion and improvement of skills and/or the program. Within 7 working days following the conference, the unit member will provide a final copy of the Annual Planning and Goals Form to the evaluator.

E. Regular informal classroom observations, or observation of other unit member-student interactions, are considered a normal function of general administrative supervision.
Formal observations, as a part of the Track II evaluation process, are within the purview of the mutual agreement of the evaluator and unit member.

F. The unit member will provide a minimum of two (2) written updates to the evaluator between November 15 and April 1.

G. While participating in Track II, unit members continue to be responsible for performance of basic job description requirements, general unit member expectations, Education Code requirements, the California Standards for the Teaching Profession or the SDCOE Standards for the Professional Counselor as appropriate, and SDCOE goals and expectations.

H. At the conclusion of the evaluation period, the unit member shall provide the evaluator with the appropriate documentation of satisfactory completion of the evaluation plan. The evaluator shall discuss the documentation with the unit member and complete a Summary Evaluation of Performance for inclusion in the unit member's file.

I. The Summary Evaluation of Performance shall be completed and presented in accordance with the timeline of 12.1.B.

J. Subsequent to the development of the evaluation plan, the unit member may notify the evaluator of his/her desire to modify the evaluation plan. The changes must be made by mutual agreement. The unit member may, at his/her option, change to Track I prior to November 30. If the change is made to Track I, timelines will be mutually established in accordance with the appropriate sections of this Agreement.
ARTICLE XIII: LEAVES

This article contains all leave provisions of this Agreement that are available to all unit members. It shall be the responsibility of the unit member to request the use of available leave through the SDCOE’s electronic leave reporting system. MEMORANDUMS OF UNDERSTANDING

San Diego County Office of Education

Memorandum of Agreement
Between
San Diego County Office of Education
And
The Association of Educators

BACKGROUND

The 2014-17 collective bargaining agreement specifies that unit members shall be paid a stipend if he/she is awarded a Ph.D or Ed.D degree. An Ed.D is considered a professional doctorate and is not a Ph.D. There are positions in the bargaining unit for which a professional doctorate is required and unit members hold professional doctorate degrees other than Ed.D.

Over time there has been uncertainty as to whether unit members who hold professional doctorates, e.g., Audiologist Doctorate, are eligible to be paid the stipend since the collective bargaining language is explicit as to Ph.D or Ed.D.

Through this memorandum of understanding (MOU) the parties agree that other professional doctorate degrees will receive the same recognition as the Ed.D for purposes of determining eligibility for the stipend called out in Article XV.G.4 until and unless it is otherwise negotiated by the parties.

This MOU shall be effective July 1, 2015.

Memorandum of Understanding
One-time Stipend for Certificated Teaching Staff Service at East Mesa
May 4, 2017

East Mesa is a teaching and juvenile detention site, located in an isolated rural area of San Diego County. This offer is open only to teachers who are currently working in a general education teaching assignment at a JCCS site.

There is a need to rebuild the overall climate and teaching culture at the East Mesa facility. This will be accomplished by many things including the development of a master calendar, aligned teaching strategies, and supports for classroom teachers. To that end, the county is offering a one-time 5% stipend to teachers who teach at East Mesa for the 2017-2018 school year. This stipend will be based on Class 4, Step 13, of the base Teacher’s Salary Schedule. There is an expectation that teachers will be engaged in these activities during their normal working hours.

The stipend will go into effect as of July 1, 2017. This agreement is made with prejudice and is not transferrable to additional years or service organizations and is not being offered at any other SDCOE teaching facility. No retroactive or ongoing stipend will be made.

Leading Effective Educator Practice Pilot

A. Background
The purpose of this Memorandum of Understanding is to implement the next phase of the work regarding the joint Leading Effective Educator Practice (LEEP) committee. Specifically, the statement of intent specifies the following vision for such work:

It is the deeply held belief of both SDCAE and SDCOE that educators are professionals that continue to grow and improve in their craft throughout their career. All levels of experience and effectiveness deserve an environment and support in which to further their skills.

B. Interests
Therefore, it is the interest of both the SDCAE and SDCOE to create a systematic, non-adversarial process that supports all Unit Members in their ongoing professional growth to improve and deepen their practice. This new pilot is designed to change the structure of what we now refer to as "evaluation." This pilot sees the Unit Member as a key participant in a collaborative effort. The focus of this work is to support teacher growth for the benefit of student learning, through collaboration, and shared practice.

C. Provisions of the MOU

Therefore, the parties hereby agree to the following provisions regarding the development of the pilot, hereafter identified as "Leading Effective Educator Practice Pilot" (LEEP), during the 2017-2018 school year. The pilot will allow us to: fine-tune the LEEP process, documents, and timeline, caseloads for peer support and facilitators, discover the impacts and costs of a peer support model, and determine the appropriate number of contacts between facilitators and Unit Members. The information gleaned from the pilot will impact the development of contract language changes for the 2018-2019 school year.

1. The joint Leading Effective Educator Practice (LEEP) committee shall be identified as the Professional Growth Team (PGT) and shall oversee the LEEP and the implementation of the pilot. The Association designee and Superintendent designee shall chair this team. The work shall include: budget oversight, establishing the selection process, Unit Member volunteers, administrators who wish to volunteer, designing and establishing the calibration training, selecting the participants, addressing issues that may arise during the pilot year, and providing scheduled updates to the COE and SDCAE at least twice during the 2017-2018 school year.

2. Members who volunteer in the piloting process shall be held harmless. Our goal is to test the pilot, not the person; so outcomes that are a result of the pilot will be used to inform the process only.

3. Due to the work required for members piloting the LEEP system, members selected as participants shall be compensated at the end of the school year, as follows:
   a. Unit Member Participant $1,000
   b. Peer Support Provider $1,500 ($750 for mid-year)

Leading Effective Educator Field Test

A. Background
The purpose of this Memorandum of Understanding (MOU) is to implement the next phase of the work regarding the joint Leading Effective Educator Practice (LEEP) committee. Specifically, the statement of intent specifies the following vision for such work:

It is the deeply held belief of both SDCAE and SDCOE that educators are professionals that continue to grow and improve in their craft throughout their career. All levels of experience and effectiveness deserve an environment and support in which to further their skills.

B. Interests
Therefore, it is the interest of both the SDCAE and SDCOE to create a systematic, non-adversarial process that supports all Unit Members in their ongoing professional growth to improve and deepen their practice. This new field test is designed to change the structure of what we now refer to as “evaluation.” This field test sees the Unit Member as a key participant in a collaborative effort. The focus of this work is to support teacher growth for the benefit of student learning through collaboration and shared practice.

C. Provisions of the MOU
Therefore, the parties hereby agree to the following provisions regarding the development of the field test, hereafter identified as “Leading Effective Educator Practice” (LEEP), during the 2018-2019 school year. The field test will allow us to: fine-tune the LEEP process, documents and timeline, delete the costs of a peer support model, and determine the appropriate number of contacts between facilitators and Unit Members. The information gleaned from the field test will impact the development of contract language changes for the 2019-2020 school year.

1. The joint Leading Effective Educator Practice (LEEP) committee shall be identified as the Professional Growth Team (PGT) and shall oversee the LEEP and the implementation of the field test. The SDCAE designee and Superintendent designee shall chair this team. The work shall include: calibration training for administrators and unit members who are on track for evaluation in 2018-19, addressing issues that may have arisen during the pilot year, and providing scheduled updates to the COE and SDCAE at least twice during the school year.
2. Members who are on track for evaluation in 2018-2019 shall be held harmless. Our goal is to teach the process, and to develop a system between administrators and unit members; so outcomes that are a result of the field test will be used to inform the process only.

3. Release time shall be provided for peer support providers.

4. For the 2018-2019 school year, all unit members who are on track for evaluation in 2018-2019 will use the LEEP system.

5. The term of this agreement shall begin on the date the agreement is signed by both parties, and shall sunset June 30, 2019.

6. This agreement shall not exclude any of the existing provisions, except as noted above, of the Collective Bargaining Agreement, which shall remain in full force during the term of this agreement.
